

Name: _____ Date: _____

Answer Key: Who's on the Screen? 1st Grade Online Helper Quiz

Can you spot a digital friend? Identify how online creators share hobbies and help others through recall and picture-based reasoning.

1. What is the name for a person who shares videos about things they love to do?

Answer: B) An influencer

An influencer is someone who uses the internet to share their interests and ideas with others.

2. True or False: An influencer can show you how to build a cool toy.

Answer: A) True

Many online creators make 'how-to' videos to teach their followers new skills like building or crafting.

3. When an influencer shows a new game, they use a _____ to record the video.

Answer: B) Camera

Cameras or smartphones are the tools creators use to capture video and pictures for their fans.

4. Where do people usually go to watch their favorite online creators?

Answer: B) A tablet or computer

Digital content is viewed on electronic devices like tablets, phones, and computers.

5. True or False: Every video you see online is always 100% real.

Answer: B) False

Sometimes creators use filters or special lights to make things look different than they do in real life.

6. If an influencer talks about a book they like, what are they doing?

Answer: C) Sharing an idea

Influencers share their thoughts and ideas to help other people find things they might enjoy.

Name: _____ **Date:** _____

7. People who watch an influencer every day are called their ____.

Answer: A) Followers

Followers are the people who subscribe or check back to see what a creator is sharing.

8. True or False: An influencer can live in a different country than you.

Answer: A) True

The internet connects people all over the world, so you can watch creators from many different places.

9. What is one way to be kind to a creator you like?

Answer: C) Leaving a nice comment

Being kind online means using nice words to tell someone you liked their video.

10. An influencer who loves animals might show a video of their ____.

Answer: A) Puppy

Creators often share their pets, like puppies or kittens, because it is part of their daily life.
