

Name: \_\_\_\_\_ Date: \_\_\_\_\_

## Answer Key: Outsmart the Glitch: A 2nd Grade Cybersecurity Quiz

Evaluate digital scenarios by identifying secure habits, recognizing safe helpers, and defending personal data against clever online tricks.

---

**1. You are playing a new game and a pop-up asks for your home address so it can send you a free toy. What should you do?**

**Answer:** C) Stop and ask a trusted adult before typing anything.

Sharing private information like your address is unsafe. Always check with a parent or teacher before sharing details online.

**2. It is safe to share your secret password with your best friend if they promise not to tell anyone.**

**Answer:** B) False

Passwords should only be shared with parents or guardians. Even best friends might accidentally let a password slip!

**3. A strong password is like a \_\_\_\_\_ for your digital toys and games.**

**Answer:** C) Tough shield

A password acts as a shield or a lock that keeps your personal information safe from people who shouldn't see it.

**4. While watching a video, a bright button flashes 'CLICK HERE FOR FREE GOLD!' What is the safest choice?**

**Answer:** B) Ignore the button and keep watching your video.

Flashing ads often lead to unsafe websites or 'malware.' It is best to ignore them and stick to the content you know is safe.

**5. If someone online starts being mean or makes you feel uncomfortable, you should \_\_\_\_\_ them and tell an adult.**

**Answer:** A) Block

Blocking stops the person from contacting you, which is a key step in staying safe and happy online.

**Name:** \_\_\_\_\_ **Date:** \_\_\_\_\_

**6. A 'Trusted Adult' is someone like a parent, teacher, or grandparent who can help you solve online problems.**

**Answer:** A) True

Trusted adults are your best scouts for digital safety because they know how to handle tricky situations.

**7. Which of these is the BEST example of a safe 'Screen Name' for a 7-year-old?**

**Answer:** B) BlueSkyRunner22

A safe screen name shouldn't include your real name, birthday, or where you live. 'BlueSkyRunner22' is creative and private!

**8. If you find a website that looks scary or weird, you should \_\_\_\_ the laptop or turn off the screen right away.**

**Answer:** C) Close

Closing the tab or the screen helps you step away from the bad content until an adult can check it out.

**9. When you use the internet at school, you should follow special rules called an 'Acceptable Use Policy.'**

**Answer:** A) True

Schools have rules to make sure everyone uses technology for learning and stays safe while doing it.

**10. You see a photo of your friend looking silly. Why should you ask them before posting it online?**

**Answer:** B) To make sure they are okay with others seeing it.

Practicing 'Digital Citizenship' means being kind and respecting your friends' privacy before sharing anything about them.
