

Name: _____ Date: _____

Answer Key: Star Power: High-Fashion Movie Magic Quiz for 1st Grade

First graders synthesize design and storytelling by creating new costume ideas and predicting how movie characters influence what people wear.

1. If a new movie about a royal Space Queen becomes very popular, what will likely happen to fashion in stores?

Answer: A) Stores will sell more shiny, metallic clothes.

Trends happen when people see a cool style in a movie and want to wear similar colors or fabrics in real life.

2. Imagine you are a movie designer. To make a character look like a powerful superhero from the future, you should choose _____.

Answer: B) a glowing neon suit

Synthesis requires choosing specific visual elements, like neon and glow, to communicate the 'future' and 'power' themes.

3. True or False: A movie character can start a fashion trend even if they are a cartoon character.

Answer: A) True

Pop culture icons, including animated ones, influence real-world clothing designs and kid's fashion every year.

4. You want to start a new music trend that is 'Eco-Friendly.' Which stage costume would best show this idea to your fans?

Answer: A) A dress made of recycled plastic bottles

Eco-friendly trends focus on sustainability; using recycled materials is a creative way to show fans you care about the planet.

5. When a famous singer wears a cowboy hat in a music video, and then all the students wear cowboy hats to school, it is called a _____.

Answer: B) trend

A trend is a popular style or activity that many people start doing because they saw someone they admire do it first.

Name: _____ Date: _____

6. True or False: Fashion trends only come from clothes and never from how people style their hair in movies.

Answer: B) False

Fashion includes everything about a 'look,' including hairstyles and accessories seen on the big screen.

7. Which combination would create a 'Rock Star' trend for a first-grade talent show?

Answer: C) Dark sunglasses and a leather vest

Synthesizing the concept of a 'Rock Star' involves picking items like sunglasses and vests that represent that specific pop-culture image.

8. If you see a character in a movie wearing a yellow raincoat and everyone starts buying yellow raincoats, who is the trend-setter?

Answer: B) The movie character

The person who starts the style that others want to follow is the trend-setter.

9. To design a costume for a movie about a 'Magic Forest,' you might use _____ in your fashion design.

Answer: B) leaves and flower patterns

Connecting the theme of a 'Forest' to the fashion choice of 'leaves' demonstrates creative synthesis of the topic.

10. True or False: If a movie is very sad, the fashion trends it starts might use dark colors like grey or black.

Answer: A) True

Fashion often reflects the feelings or 'vibe' of the movies and music that are popular at that time.
