## Nail Cyber Safety Scenarios for Kindergarteners

Moving beyond simple 'no-go' rules, students analyze digital trust and evaluate privacy choices in complex virtual roleplay situations.

---

**1. Imagine you are playing 'Pixel Pets' and a player named SnowyDog asks for your real home address so they can send your pet a toy. What should you do?**

- A. Give them the address if they seem nice.
- B. Tell them no and immediately inform a grown-up.
- C. Trade your address for a secret code.
- D. Wait until tomorrow to see if they ask again.

**2. If a game says you won a 'Super Secret Prize' but you have to click a flashing red button to get it, it is always safe to click.**

- A. True
- B. False

**3. A friend at school asks for your tablet password so they can play. You should say: '\_\_\_\_.'**

- A. Sure, just don't tell anyone!
- B. I can't share my secret key with anyone but my parents.
- C. I will give it to you if you give me yours.
- D. Write it on a piece of paper for them.

**4. You see a photo of your friend on a website and you think it looks silly. Why is it important to ask them before sharing it with others?**

- A. Because they might want to pick a different photo.
- B. Because they might get more 'likes' than you.
- C. Because we must respect others' digital privacy and feelings.
- D. Because the internet might run out of space.

**5. A 'Stranger Danger' rule applies to the internet just like it does at the park.**

- A. True
- B. False

**6. When using a shared computer at the library, you must always \_\_\_ before you leave.**

- A. Change the wallpaper
- B. Leave your tabs open
- C. Log out of your account
- D. Turn off the screen

**7. A pop-up message says your computer is 'sick' and needs a 'doctor' to fix it. What is the smartest choice?**

- A. Download the 'medicine' it offers.
- B. Ask a grown-up to close the window.
- C. Talk to the computer to cheer it up.
- D. Press every button to find the exit.

**8. It is okay to use the same password, like 'Apple123', for your school tablet, your game, and your mom's phone.**

- A. True
- B. False

**9. If you see something scary or 'yucky' online, you should: \_\_\_\_.**

- A. Close your eyes and keep playing.
- B. Show all your friends so they can see it too.
- C. Stop what you are doing and tell a teacher or parent.
- D. Try to fix the screen yourself.

**10. Why should you use a nickname like 'StarHopper' instead of your real name in a multiplayer game?**

- A. Because nicknames are more fun to say.
- B. To keep your private identity hidden from strangers.
- C. Because the computer won't let you use a real name.
- D. So you can pretend to be a real star in space.
