

Name: _____ Date: _____

Answer Key: Old Scraps to New Soils: Pre-K Sustainability Quiz

Sorting habits and resource care—learn how simple choices like turning off the faucet protect our local animals' homes.

1. What should we do with our toys when we are finished playing with them so other children can use them later?

Answer: C) Take care of them and share

Taking care of our things and sharing helps them last longer so we don't need to buy new ones constantly.

2. Turning off the water while we brush our teeth helps save water for the fish.

Answer: A) True

Saving water ensures there is enough for people, plants, and animals like fish to live.

3. When we put old paper and plastic bottles in a special blue bin, it is called _____.

Answer: B) Recycling

Recycling is the process of turning old items into new things instead of throwing them away.

4. Which of these is a way to help the Earth stay clean and happy?

Answer: B) Picking up litter

Picking up litter keeps the ground clean and safe for everyone.

5. We can carry our snacks in a _____ bag that we use every day instead of a paper bag we throw away.

Answer: C) Reusable

Using a reusable bag means we make less trash for the Earth.

6. Food scraps like banana peels can be turned into dirt (compost) for a garden.

Answer: A) True

Name: _____ **Date:** _____

Composting turns old food into healthy soil that helps new plants grow.

7. If you are leaving a room, what should you do with the lights?

Answer: C) Turn them off

Turning off the lights saves energy, which is better for the environment.

8. To help the Earth, we follow the three R's: Reduce, Reuse, and _____.

Answer: C) Recycle

Reduce, Reuse, and Recycle are the three main ways we can practice sustainability.

9. Using both sides of a piece of paper helps save trees.

Answer: A) True

Paper comes from trees, so using less paper means fewer trees need to be cut down.

10. Which of these is a way to reuse an old plastic milk jug?

Answer: A) Turn it into a bird feeder

Reusing items for crafts or tools gives them a new life and keeps them out of the trash.
