

Name: _____ Date: _____

Answer Key: The Safari Squad: A Kindergarten Team Sports Adventure

Can your students help the jungle animals play together? Identify basic equipment and cooperative actions needed to succeed in shared activities.

1. If we are playing a game together, what is our group called?

Answer: A) A team

A group of people playing toward the same goal is called a team.

2. True or False: In team sports, we should use our words to talk to our teammates.

Answer: A) True

Communication helps everyone on the team know what to do and where to go.

3. When you give the ball to a friend on your team, you are ____ the ball.

Answer: B) passing

Passing is a fundamental team skill where you share the ball with a teammate.

4. Which of these objects do you need to play a game of T-ball?

Answer: C) A bat and ball

T-ball is a team sport played with a wooden or plastic bat and a ball.

5. True or False: Taking turns is part of being a good teammate.

Answer: A) True

Teamwork involves sharing opportunities and taking turns so everyone can participate.

6. A person who helps the team learn the rules and practice is the ____.

Answer: B) coach

The coach is the leader who teaches the group how to play the game together.

Name: _____ **Date:** _____

7. If you are playing a game of Flag Football, what should you wear?

Answer: C) Sneakers

Sneakers protect your feet and provide grip while running during team sports.

8. True or False: In a team sport, everyone works together to reach the goal.

Answer: A) True

The definition of a team sport is multiple people cooperating to achieve a common result.

9. When you run a race with a partner and your legs are tied, it is a ___ race.

Answer: A) three-legged

A three-legged race is a simple team activity requiring physical coordination with a partner.

10. What should you do if a teammate falls down during a game?

Answer: C) Help them up

Supporting and helping teammates is an essential part of sportsmanship and teamwork.
