

Name: _____ Date: _____

Answer Key: When Word Twins and Opposites Visit Kindergarten

Perfect for morning meetings, students help solve a mix-up by identifying words that sound the same or mean the opposite using pictures and simple text.

1. Which word is an antonym (opposite) for 'cold'?

Answer: B) Hot

Antonyms are opposites. 'Hot' is the opposite of 'cold'.

2. The words 'sad' and 'unhappy' are synonyms because they mean the same thing.

Answer: A) True

Synonyms are words that have the same or very similar meanings. Both 'sad' and 'unhappy' describe feeling blue.

3. I have eyes so I can ___ the blue ___.

Answer: C) see / sea

'See' means to look with your eyes, and 'sea' is another word for the ocean. They are homophones.

4. If you are 'chilly,' what is another word (synonym) that means the same thing?

Answer: A) Cold

When you are chilly, you are feeling cold. These words are synonyms.

5. The opposite of 'go' is ___.

Answer: C) Stop

'Stop' is the opposite action of 'go,' making it an antonym.

6. The words 'sun' and 'son' sound the same, so they are homophones.

Answer: A) True

Homophones are words that sound exactly the same but have different meanings and spellings.

Name: _____ Date: _____

7. Which word is the antonym (opposite) of 'up'?

Answer: C) Down

Up and Down are opposites, which means they are antonyms.

8. A tiny bug is very ____.

Answer: C) Small

'Small' is a synonym for 'tiny' because they describe the same size.

9. The words 'tall' and 'short' mean the same thing.

Answer: B) False

These words are antonyms (opposites), not synonyms.

10. I ate ____ cookies for a snack.

Answer: C) Two

'Two' is the number word used for counting objects like cookies.
