## **Choreograph the Court: Advanced Kindergarten Team Tactics Quiz**

Strategic spatial awareness and collaborative play-making. Students synthesize movement patterns to solve complex cooperative sports scenarios and leadership challenges.

---

**1. If your teammate is being 'guarded' by two players and you are standing alone near the goal, what is the best strategy to help your team score?**

- A. Run away and hide behind a tree
- B. Wave your hands and call out to show you are 'open'
- C. Sit down and wait for the ball to come to you
- D. Watch your teammate try to get through alone

**2. In a team game, a 'strategy' is a secret plan that teammates make together to help them reach a goal.**

- A. True
- B. False

**3. When you and a friend are playing a game like relay-racing and you cheer 'Go, go, go!', you are using the skill of \_\_\_\_\_.**

- A. Sleeping
- B. Drawing
- C. Encouragement
- D. Singing

**4. Imagine you are the 'Captain' of a tag team. If your team is losing energy, which new rule could you create to help everyone work together better?**

- A. Only one person is allowed to run
- B. Everyone must close their eyes while playing
- C. Players must hold hands in pairs to support each other
- D. The fastest person should do all the work

**5. If a teammate makes a mistake, an advanced team player should get angry so the teammate learns faster.**

- A. True
- B. False

**6. In a game of 'Keep Away,' if three players stand in a triangle shape around one defender, they are using \_\_\_\_\_ awareness.**

- A. Spatial
- B. Hungry
- C. Color

**Name:** \_\_\_\_\_ **Date:** \_\_\_\_\_

D. Alphabet

**7. You are playing a game with a ball and a net. Your team decides to 'Rotate' (move to new spots). Why would you synthesize this plan?**

- A. To make everyone feel dizzy
- B. To give everyone a chance to try different roles
- C. Because the floor is too hot to stay in one spot
- D. To confuse yourself on purpose

**8. A player who watches the whole field and tells their friends where the ball is going is acting like a \_\_\_\_\_.**

- A. Statue
- B. Leader
- C. Customer
- D. Rock

**9. Passing the ball is often faster than running with the ball yourself.**

- A. True
- B. False

**10. Two teams are playing a game of 'Scooter Hockey.' Team A is all grouped together in one corner. Team B is spread out across the whole floor. Who has the better strategy?**

- A. Team A, because they can have a group hug
- B. Team B, because they can cover more space and pass easier
- C. Team A, because they are hiding the ball
- D. Neither team should be moving at all
